School Board Holds Regular Monthly Meeting

The regular meeting of the school
trustees was held on Friday evening last,
the full board being present.

The minutes of previous meeting were
ordered approved as read.

A communication from the attorney
general's department in reply to an in-
quiry from the secretary as to whether
the town auditors were to audit the books
of the district without remuneration
from the district, was read, stating that
in the opinion of that department it was
the duty of the municipal auditors to
audit the school district affairs. This
question arose out of the village district re-
viving from a town to village district for
purposes of taxation and the fact that an
official auditor had been employed last
year for this purpose at a fee of \$10.

Copy of the letter referred to was ordered
sent to Ritchie Patterson & Co.

The chairman reported that the board
had visited the school during the week
and held conference with the teaching
staff. He reported finding everything
working satisfactorily, with exception of
the system of ventilation.

An account was received from the Ed-
monton school district for fees covering
the tuition of Hugh John and Jewel
McDonald, who served a term last year
in one of the Blaimore schools. This
matter will be considered at next meet-
ing.

Requisitions were received from the
school principal for materials for 1919,
and on motion the secretary was instructed
to order the goods required.

The resignation of F. M. Thibadeau as
janitor, was read, and will be given con-
sideration at next meeting.

A request from the teaching staff to
place a ban on children of school age at-
tending picture shows and dances was
read, and ordered referred to the town
council.

Chappell-Bartlett—That Frank Wright
be appointed secretary-treasurer and as-
sessor, and James M. Carter trustee of-
ficer for the year 1919, at same salaries
as last year. Carried.

J. McPhail moved that a committee be
appointed to go into the question of sal-
aries and draw up schedule for considera-
tion at next meeting of the Board. Chap-
pell and Bartlett were appointed a com-
mittee.

J. McPhail moved that notice be sent
out for collection of 1918 educational tax
arrear, and that the attorney general's
department be communicated with in
this matter.

On motion, the chairman and secre-
tary were authorized to transact all busi-
ness with the bank.

W. H. Chappell moved that J. Mc-
Phail be appointed a committee of one to
look into the matter of ventilation, fire
escapes, etc., and produce plans and es-
timates at next meeting.

It was decided that as a fire escape
a wooden staircase be erected at the rear
of the building, leading from the upper
floor to the ground, with guide rails in
centre and on sides; also that four fire
extinguishers be installed, two on each
floor. Tenders will be invited for the
building of staircase and installing of
ventilators, etc.

The Chairman moved that a commit-
tee be appointed to interview the medi-
cal, dental and optical practitioners,
with a view to conducting an inspection
of the pupils. Bartlett and Ritchie were
appointed and will report at next meet-
ing.

The Secretary was instructed to ascer-
tain from the Department of Education
if any laws were at issue the Blaimore
School on Library grant.

W. H. Chappell moved that loose leaf
assessment roll be obtained, provided
council will bear equal proportion of cost.
Meeting adjourned.

Report of Blaimore School for January

First Primary, Miss B. Pinkney—En-
rollment for month 32, number of teach-
ing days 22, aggregate days' attendance
568.65, average attendance 22.97, per-
centage of attendance 71.78, late 15.
Neither late nor absent, Allan Wood.

Grade II, Miss H. McCarthy—Enrol-
ment for month 41, number of teaching
days 22, aggregate attendance 772, av-
erage attendance 35.09, percentage of at-
tendance 83.58, late 6. Neither late nor
absent, James Kemp, Helen Fitzsim-
mons, John Hays, Hugh Robbins.

Grades I and II, Miss A. F. Roope,
teacher—Enrollment for month 30, ag-
gregate days' attendance 553.5, average
attendance 25.15, percentage of attend-
ance 83.83, late 6. Perfect in attend-
ance and punctuality, Lloyd Williams,
Evelina Drumm, Alphonse Capron, Edith
Hays.

Grade III, Miss S. McColl—Enrol-
ment 44, average attendance 39.34, per-
centage of attendance 89.4, late 2. Per-
fect in attendance, David Kemp, Peter

BILIOUSNESS

How To Prevent and Cure

Among the earliest symptoms are torpid tongue and dull headache. Then come dizzy spells, bad taste, quick pulse, fever and cold sweats. Finally, sleeplessness, vomiting makes the condition of the sufferer almost intolerable.

The root of biliousness is with the liver which is clogged and can't keep bile from getting into the blood. Nothing works with the certainty of Dr. Hamilton's Pills; they act directly on the liver, restore the bile to its proper course and prevent it from contaminating the vital fluid.

Of course, the bowels are ordered and relaxed by Dr. Hamilton's Pills, the kidneys receive new tonic, the blood is renovated, and the result is a renewal of good health.

No need for delay, the sooner you use Dr. Hamilton's Pills, the sooner you'll feel the refreshing purification of a healthy, well-regulated system. Sold in 1/4 lb boxes, 25c.

Trial Is Advised

Thousands of Charges Against Kaiser Being Investigated

London. — Proceedings against the former German emperor are advised in special report by a sub-committee of the commission charged with inquiring into violations of the laws of war, appointed two months ago. The parent body has done a great deal of work through its sub-committees each of which was assigned some particular phases of the violations charged against enemy countries. Plans for a tribunal which will try cases in which violations of the laws of war are alleged have already been submitted.

One of the most difficult phases of the work has been the inquiry into ill-treatment of prisoners, the employment behind the firing lines, illegal methods of warfare, misuse of the Red Cross flag, bombardments of hospitals and the execution of Miss Edith Cavell and Captain Fryatt. The sub-committee having the work in charge has already examined about 100,000 cases of ill-treatment of prisoners and has about 150,000 more to investigate. This sub-committee has already submitted an interim report on the employment of prisoners behind the firing lines and in German mines and quarries.

Offences of the sea are being dealt with by a third committee, its investigation including the destruction of merchantmen, the firing of crews at sea, the destruction of their vessels, the sinking of hospital ships and other alleged violations. This committee has already submitted a report on illegal submarine warfare. A fourth committee has been dealing with offences from air such as the indiscriminate bombardment of towns and the willful or reckless bombing of hospitals.

Embargo Affects Exports

Half Million Tons Per Month Backed Up in Canadian Warehouses

Montreal. The arresting of almost the entire overseas export shipments of Canada has been affected by an order from the Canadian railway war board recently issued. At least 80 per cent. of this huge trade, amounting to something like half a million of tons per month will thus be backed up in Canadian warehouses, elevators and mills.

The embargo has been placed because the British and French ports have at present no room for the goods they can handle. The British ministry of shipping had advised us that ships cannot be accomplished. That means they cannot be loaded. St. John and Halifax must be protected and that in turn means that our shippers must hold their shipments so as not to plug the transportation lines.

This explanation was given a railway board official. How long the embargo will remain in force depends on how long before the ports are cleared up. There is now sufficient freight at St. John and Halifax to meet the requirements of all vessels sailing during the present month.

Aviator Arrested

London. — Captain Lang, the aviator who recently established a new airplane altitude record of 30,500 feet, has been placed under arrest by the British army authorities, according to the Evening News. The captain was arrested, it is said, because of his disclosing without authorization the details of his climb.

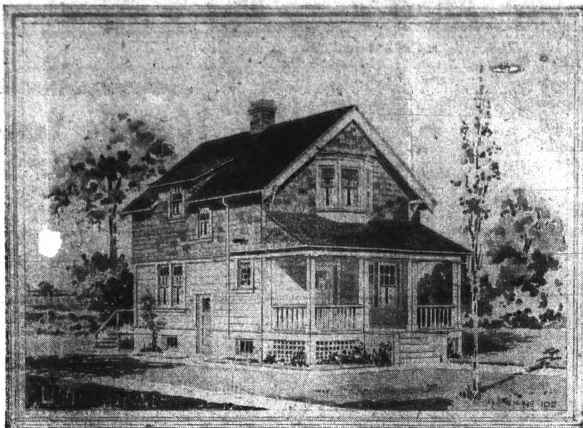

Second thoughts are best, unless they happen to be second hand thoughts.

FARM ARCHITECTURE AND BUILDING

An Attractive Two-Story House

Plan Opposed by Ludendorff

High Staff Men Suggested That the Kaiser Got Into Battle

Washington. — Dramatic capture of the Kaiser or possibly his death on the field of battle, was averted only by the intervention of General Ludendorff, it was learned through authoritative diplomatic disclosures.

Wilhelm's arrival at German general headquarters, after his flight from Berlin, was the signal for a revival of spirit which discouraged German troops, according to the disclosures. Several high staff men suggested that the Kaiser go into the midst of the battle, it is stated, and the suggestion was taken up by the Prussian Gaps and other staunch Teuton legions.

Ludendorff opposed the scheme, it is declared, on the ground that it would result in no military gain and would endanger the army's withdrawal.

The advice also discloses the fact that German general headquarters on August 15 admitted approaching defeat and recommended the Kaiser's abdication.

Chancellor von Hertling flatly refused to inform the Reichstag of the press of the true military situation, it was declared. The following week Ludendorff suggested to Berlin that Holland be requested to offer mediation to all combatants, the advice stated.

Statesmen Urge Immediate Action

Food Relief Key to Whole European Situation

Washington. — In a message solemnly urging congress to appropriate the \$100,000,000 requested for European food relief, President Wilson said that should Bolsheviki proceed steadily westward it could not be stopped by force but by food. Food relief, he said, was the key to the whole European situation and to the situation of peace.

The president said the European statesmen urged immediate and concerted action as a means of stemming the tide of famine and unrest. A message from Henry White, member of the American peace delegation to the state department, said the startling westward advance of Bolshevism dominated the entire European situation above all else, and that it was of the utmost importance that the president's request be granted at once.

"Bolshevism," Mr. White said, "now completely controls Russia and Poland, and is spreading through Germany, and apparently the only effective barrier is food rationing." He added that it was impossible to inaugurate the peace conference under proper auspices without previous adequate provisions to cope with this situation. The president's message and that of Mr. White were read on the floor of the house during the debate on a special rule to give immediate consideration to the appropriation bill.

Must Maintain Efficient Army

London. — Reuters' understands that general demobilization cannot be ordered until after the peace conference, as an efficient army must be maintained in order to meet any contingency. Ten thousand soldiers have been discharged daily for some time last week and the number dealt with in France increased to over 20,000 daily, including men from the Dominions.

Edmonton Expects Very Busy Season

Revival of Building Throughout the Three Provinces

Edmonton. — A new building campaign of larger proportions than has been known at any time since the boom days will follow the adoption of the housing scheme in Alberta, and the lumber and carpentering trades of that province are already looking for a busy year.

Whether the scheme is taken up by the federal and provincial governments or not, the lumber industry in and around Edmonton is practically sure of a wave of prosperity, and business arrangements are now being made on that assumption. The milling companies will make larger cuts in the woods this winter than for several years past, and there is a fair likelihood of prices advancing. A stiffening up tendency is already showing itself in the home market, with general increases in the demand for lumber from prairie points.

Lumber operators are of the opinion that Alberta spruce will sell on a bare price of \$30 per thousand next summer. Last year's market began at that figure, and afterwards, dropped from competition, but it is now expected that prices will go back and stay there for a 1919.

There is an improvement in the labor situation, it is reported by the lumber manufacturers. More men are now available for work in the camps, and wages have dropped somewhat, the rate for bushmen now being \$60 per month. It is expected that the labor supply will be considerably steadier as a result of the ending of the war, and there will be some busy cutting in the woods north of Edmonton all through the coming winter.

The chief market for Alberta spruce next year will be the prairies and the United States. The mountain mills in British Columbia are planning on a reduced output, it is stated, and the coast mills will be busy, if plans work out as expected, on reconstruction orders from England. A phase of the situation of considerable importance, however, is the fact that

some of the coast mills are now beginning to unload upon the prairies their surplus stock left over from the cutting of ship timbers, and in some cases the prices are being cut away down.

Prospects for the local industry are said now to be of the best. Orders and inquiries from retail dealers are beginning to come in on a much larger basis than for some time past, and the inference is that more building is in view for the coming year. The way it looks to the operators and dealers is that there will be a genuine revival of large and small building throughout the three provinces, with a consequent demand for lumber. — Edmonton Journal.

FARM ARCHITECTURE AND BUILDING

DEPARTMENT ESTABLISHED WITH THIS ISSUE

This paper has always supported and co-operated in any legitimate movement through the agency of which the needs of this community might be realized.

At one time or another almost every one is directly interested in a building enterprise and we believe that hardly any other field of activity in which genuine helpful advice and accurate information is so necessary.

Therefore, with this issue we have inaugurated a Farm Architecture and Building Department as a permanent weekly feature.

We have been fortunate in obtaining the services of a firm of competent authorities on building matters who will be able to give our readers helpful advice on building problems.

Each week besides authoritative articles on building and general building information there will be published a perspective and plan of a farm house, barn or other farm building. In order to provide practical advice and assistance in particular cases when building perplexities arise, a "Question and Answer Department" will be conducted which our readers may take advantage of by writing the question and mailing the same to this office and it will be given prompt attention through that department.

WORKING DRAWINGS

For the benefit of our readers we have arranged to provide them with working drawings of the buildings appearing on this page from time to time for which there will be a nominal charge of five dollars per set.

Builders Seek Price Stability

Expect Most Wage Scales to Be Amicably Settled for Another Year by January 1

It is becoming daily more apparent in building material and construction markets that the building investor is seeking more assurance of stability of price and basic cost of construction before releasing enterprises.

In consequence of the general recognition of this tendency trade meetings are to be held in this city, at Atlantic City, Pittsburgh, Chicago, and in fact, all parts of the country this week and next; and the keynote of all will be how to insure price stability and uniform construction costs.

The building trades employers' association of New York took a forward step last week to insure the stability of the labor situation when the board of governors adopted a resolution to the effect that "all trade agreements expiring at the end of 1918 may be renewed for a time not exceeding one year, and that trade associations shall not agree to pay a wage in excess of that now being paid, as set forth in a schedule, in any new agreement made for the year 1919. This schedule fixed the per diem rate of wages for carpenters, \$5.50; same for shops, \$5 (in all boroughs); compositors, roofers and water-pipers, \$4.26 (Jan. 1, 1919, \$5.75); concrete workers, laborers, \$3.00 (Jan. 1, 1919, \$4); elevator constructors' helpers, \$3.25; house shiners, \$4.50; painters, \$5.50; plasterers, \$6.50; plumbers' laborers, \$4.50; stonecutters, \$6; woodworkers, \$22 per week, minimum.

This schedule included the regulation that "the rates of wages now being paid shall be strictly adhered to by all members of the association until the expiration of the existing trade agreement, except in the case of those existing agreements which provide for additional increases." The schedule includes:

Asbestos workers, \$5.50; helpers for same, \$4; bricklayers, \$7; laborers for same, \$4; cement masons, \$5.60; dock builders, \$5; electricians, \$6.50; helpers for same, \$3; engineers, \$6.50; housemiths (structural) \$7; housemiths (finishers) \$6.40; mar-

ble cutters and setters, \$6; marble carvers, \$6.50; marble polishers, fed rubbers, sawyers, \$3.30; mosaic workers (helpers) \$4; plumbers, \$6; slate and tile roofers, \$6.40 (Jan. 1, 1919, \$6.50); steamfitters, \$6; helpers for same, \$3.40 (\$4 when working eight hours or less); roofers and sheet metal workers, \$5.60 (July 1, 1919, \$5.80); stone setters, \$7; tile layers, \$6; helpers for same, \$3.65.

Building Conditions Rapidly Improving

Early Start on Construction Work Is Promised

Talking of building and discussing the reasons why those who need buildings should decide to carry out their projected construction work now, a prominent member of the building fraternity said: "We are in a position to handle work at approximately fifteen per cent. below war-time prices."

"These conditions are largely responsible for our willingness to curtail our future construction work below war-time prices. The first of the increased stability of labor. The second condition is the disappearance of competition in the delivery of transportation hindrances and the reduction of long haul deliveries. The third factor is the elimination of irresponsible contractors during the stress of the war period, and the resultant regrouping of contracting firms who have withstood the tests of the war emergency conditions and are at present operating on a sound business policy than ever before."

The building situation from the standpoint of the speculative interests has improved to an extent that will warrant an early start on construction work of a speculative and investment type. Already plans are well advanced for a considerable volume of work of this nature and just as soon as this form of activity gets a start the more conservative among the speculative builders will again come into the market. There is no doubt as to the intensity of the demand for living accommodation, nor is there any question about the lack of rentable space to meet the demand.

"Your lunch will be fresh and tasty at dinner hour to-morrow. It is wrapped in Para-Sani."

PARA-SANI WRAPPER

Heavy, waxed paper in Household Rolls, with handsome oak Roller-Box. Para-Sani is cheaper and more convenient than waxed paper in loose sheets and the paper is of better quality.

Keeps in the Moisture, keeps out the Germs

Para-Sani is moisture-proof, air-proof, germ-proof. Sandwiches, cakes, bread, cheese can be kept fresh and wholesome if wrapped in Para-Sani. Para-Sani will save many times its cost by preventing waste.

Para-Sani sent prepaid on receipt of Price or C.O.D.

MOTHERS

Watch your children's eyes. As soon as you see the slightest trace of a rash or sore, apply **Zam-Buk**. This antiseptic balm will protect the sore place from infection, prevent it from spreading and healing soon follows.

Careful mothers always keep Zam-Buk on hand for their children's troubles—it cures pain quickly and prevents any possibility of festering. Best for cuts, burns, sores, bruises, rashes, scalds, sore eyes, and itching rash. All dealers \$6c box.

Zam-Buk

British Troops Occupy Dusseldorf

Copenhagen. — British troops have occupied Dusseldorf, which has been in the hands of the Spartacists, according to a report from Berlin. Dusseldorf is a town in the Rhine province. It is situated on the right bank of the Rhine, 25 miles northwest of Cologne.

GEE, BUT IT'S GOOD FOR A BAD COLD

othing Can Touch Catarrh-ozone In Curing Quickly

You may dislike taking medicine—but coughs are best cured without medicine. The modern treatment is "Catarrh-ozone"—it isn't a drug—it's a healing vapor full of pine essences and healing balms. It spreads over the surfaces that are sore, soothes, cures, and prevents any more from coughing. Every spot that is congested is healed—irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, nothing so safe, so pleasant as Catarrh-ozone. Beware of dangerous substitutes meant to deceive you for genuine Catarrh-ozone. Large size, which lasts two months, price \$1.00; small size 50c; sample size 25c, at all dealers.

Public Opinion

Behind Scheme

League Can Now Be Considered an Established Fact

Paris. — The league of nations can now be considered as an established fact. Premier Clemenceau, Premier Lloyd George, and Premier Orlando are agreed to support increasing aid in this regard. Public opinion in France, Great Britain and Italy is solidly behind the scheme.

President Wilson's plan as a whole is unsatisfactory to the French because they believe does not provide sufficient economic penalties for Germany. They say his proposed probationary inclusion of Germany would permit the country to start up its undamaged industries in competition with French and Belgian, whose industrial plants were wrecked by the Germans themselves.

Senator Bourgeois, who will head the French section of the inter-allied committee to draw up plans for the league, at the conference appears such a body, ready to give a recent exclusive interview with the United Press that he agrees with Clemenceau on this point. He favors excluding the central powers until they fulfill the provisions they must sign at the peace conference.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio. — "I suffered from irregularities, pains in my side and was unable to give birth to a child. I took your herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to my case, I wrote to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of my forty years experience is at your service."

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to my case, I wrote to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of my forty years experience is at your service."

W. N. U. 1247

What British Want

Associated Chamber of Commerce Embodiment Views Regarding Peace Terms

London. — Before his departure for Paris Premier Lloyd George was given a memorandum issued by the associated chamber of commerce, embodying the views of chambers in all parts of the country regarding peace terms. The following points were urged in the memo:

The payment by the enemy of all war expenses. Compensation for all personal injuries, including a sum representing the cost of all pensions paid to disabled men, women and children. Compensation for loss of property and damage to property arising out of the war.

Compensation for the loss in national power caused by the death or disablement of potential producers and by the disorganization of means of production and transport.

The payment of all enemy debts and interest on all charges from the date they are incurred until final payment.

Minard's Liniment Cures, Colds, etc.

Immigration of War Prisoners

Thousands Planning to Come to America as Soon as Possible

Washington. — Thousands of Italian and Austrian war prisoners are planning to come to America as soon as possible. John B. Denmore, director of the federal employment service, told the house immigration committee at the beginning of the hearings of bills to prohibit immigration. A Red Cross worker who visited the prison camps informed him, Mr. Denmore said, that 50,000 Austrians were in Italy, most of whom expected to drift to the United States as fast as they can, along with thousands of Italian prisoners in Silesia.

Hope makes a man believe that something will happen which he knows will not.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freestone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet. A few drops of this new ether compound applied directly to the corns, the corns should relieve the soreness instantly, and soon the entire corn, root and all, drops out and can be lifted out with the fingers. This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freestone is sticky, it dries in a moment, and simply shrivels up the corn, without inflaming or even irritating the surrounding tissue or skin.

Doesn't let father get infection or lockjaw from whitening his corns, but clip this out and make him try it.

May Be Obligated To Occupy Berlin

British Military Authorities Have Delivered Ultimatum to German Command

Paris. — The question whether the allies will be obliged to occupy Berlin is becoming continually more urgent. It is pointed out that Germany is far from having fulfilled the material conditions of the armistice, particularly as regards the turning over of railway materials. People are continually asking whether the Berlin government really represents anything, and how peace can be made with a nation which lacks a stable government. At the same time a German newspaper, the Deutsche Tageszeitung, makes the curious sensational statement that the British military authorities in the Baltic provinces of Russia have delivered the following ultimatum to the German command in those regions: "Either the German troops will oppose the advance of the Bolshevik forces and recapture Valk and Wenden or else the entente will enter Germany."

Commenting on this despatch the well-known Paris journal, Le Debat, says: "It has reason to believe that it is true, and that if such should prove to be the case considerable opposition may be expected from the liberal elements in France and England to the idea of trying to force Germany to fight the Bolsheviks."

Expel Bolsheviks

Geneva. — Geneva expelled a large band of Russian Bolsheviks following the example of the French and Swiss authorities. Twenty of the most out of the city were spreading propaganda while being engaged extensively as Red Cross workers.

Ask Abdication Of Grand Duchess

Marie Adelaide of Luxembourg Has Decided to Leave Her Country

Metz. — A large crowd paraded before the grand ducal palace in Luxembourg requesting the abdication of the grand duchess and the proclamation of a republic.

A committee on public safety has been appointed and quiet is being maintained everywhere in Luxembourg. The Paris Matin on January 6 reported that Grand Duchess Marie Adelaide of Luxembourg had decided to leave her country owing to the political situation there, which was said to have become unfavorable to her. During last November it was reported that her abdication would be demanded by the parliament and the people. The grand duchess is 24 years of age and has been the ruler of Luxembourg since June, 1912.

CHILBLAINS

Really and Quickly Cured with EGYPTIAN LINIMENT For Sale by All Dealers Douglas & Co., Prop'rs. Napone, Ont.

Canadian National Railways

Now Have a Mileage of Nearly 14,000 Miles Reaching From Atlantic to the Pacific

The name of the Canadian Northern Railway has been changed to Canadian National Railways which now have a mileage of nearly 14,000 miles, reaching from the Atlantic to the Pacific coast, Halifax to Vancouver. This change of name was necessitated in the transferring of the operation and management of the Canadian government line, including the Intercolonial Railway and its recently acquired branch lines, the Prince Edward and the National Transcontinental Railway to the board of directors, Canadian Northern Railway.

All the lines included in this mileage are operated as one system and under one management. This system is not administered by a department of the government. Its operation is to be kept absolutely free from party political interference.

The mileage of the co-ordinate lines is as follows: Intercolonial, 1,510.40; Elgin and Havelock, 27.00; International of New Brunswick, 111.30; Moncton and Beauséjour, 34.00; New Brunswick and Prince Edward Island, 36.05; St. John's and Quebec, 119.37; St. Martin's, 30.00; Salisbury and Albert, 45.00; York and Carlton, 10.50; York and Island, 22.78; National Transcontinental, 2,003.03; Canadian Northern System, 9,405.44.

62 V. C.'s in Canada

London. — The Daily Express has analyzed the list of Victoria Cross winners and finds Canada has 62, of whom slightly over half are not natives of the Dominion. Canada claims 28 as natives, United Kingdom, 27; England, 12; Scotland, 10; and Ireland the rest. Eight of the English batch were born in or near London.

Minard's Liniment Co., Limited.

Gentlemen,—Theodore Dorais, a customer of mine, was completely cured of rheumatism after five years of suffering, by the judicious use of MINARD'S LINIMENT.

The above facts can be verified by writing to him, to the Parish Priest or any of his neighbors.

A. COLE, Merchant, St. Isidore, Que., 12 May, '98.

Awarded Food

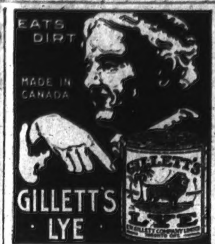

London. — "The entente has given us enough food to supply Vienna and the rest of German-Austria until Feb. 15," declared an official despatch received from Vienna.

Cuticura Promotes Beauty Of Hair and Skin

If the Soap is used for every-day toilet purposes assisted by occasional touchings of Cuticura Ointment to first signs of pimples, redness, roughness or itching. Do not surround the face with fragrant soap—creamy emollients with coarse medicated, often dangerous preparations used as substitutes.

Sample Soap Free by Mail. Address: Cuticura, Boston, Mass. Sold by dealers throughout the world.

Make Big Record

London. — A striking fact in connection with recruiting is mentioned in a recent speech of 'Sir Auckland Geddes. Of ten thousand men and boys employed by London newspaper offices, five thousand joined the colors—and at the moment of armistice being signed there, were not thirty men fit for general service in all the London newspaper offices. That was a record, said Sir Auckland, which placed the press ahead of every trade group in the matter of recruiting.

RICH, RED BLOOD RESISTS INFLUENZA

Its Victims Are Largely Among the Weak, Anemic People

In the epidemic of the gripe, or, as it is commonly known, the rest of the world, it has been noticeable that its most victims were the thin-blooded anemic people whose power of resistance is greatly weakened because of the watery condition of the blood. When the system is run down, when the nerves are shaky and cold infections are set at liberty. But when the system is run down, when the nerves are shaky and cold infections are set at liberty. But when the system is run down, when the nerves are shaky and cold infections are set at liberty.

Those who have been attacked by influenza, the after effects are very dangerous. The attack itself is not so dangerous as the after effects. They are left with the misery of relapses and complications. There is a shortness of breath at the least exertion, poor digestion, and a tendency to perspire and will grow worse unless the blood is built up and the flattered nerves strengthened. For this purpose there is no tonic can equal Dr. Williams' Pink Pills. From first to last these pills make new, rich, red blood, which reaches every organ and every nerve in the body. True, the lingering germ is driven out, the appetite is improved, and weak, dependent victims of influenza are transformed into cheerful, healthy, happy men and women. If you have passed through an attack of influenza you will find Dr. Williams' Pink Pills the one thing needed to restore you to full health and strength. If the trouble has passed you, you can further strengthen yourself against its insidious advance by the use of this tonic medicine.

Medicine dealers everywhere sell Dr. Williams' Pink Pills, or you can procure them by mail at 50 cents a box or six boxes for \$2.50 by writing to Dr. Williams' Medicine Co., Brockville, Ont.

Hunt to Take Action Against Russia

London. — Germany is about to take diplomatic and military measures against the Bolshevik government, according to a German official statement received here by wireless. The message says: "The advance of the Bolsheviks and the presence in Berlin of M. Padek (a Bolshevik emissary) have brought about a diplomatic state of war with Russia, and the military state of war almost has intervened."

"Germany, faced with the necessity not for the purpose of pleasing the entente, but of protecting her own interests, must intervene energetically by taking diplomatic and military measures."

Carried Million Tons of Oil

London. — The ministry of shipping states that during the war over a million tons of fuel oil were carried from the United States to Great Britain by seven hundred and sixty-one cargo steamers, specially fitted out to convey oil in double bottoms or ballast tanks.

Fifteen thousand tons of oil were lost by enemy action and 2,000 by marine loss.

The ministry points out that the experience thus gained will certainly be valuable in connection with the development of petroleum as a fuel for steamers after the war.

Indian mothers will place their children quite contentedly in an elephant's charge if they have to leave home.

Some men can't head a procession even when they die.

Will Be Given Free Passage

Dependents of Soldiers to be Brought to Canada

Ottawa. — Approximately fifty thousand dependents of Canadian soldiers overseas are at the British Isles at the present time, in addition to some 22,000 already returned to Canada, according to official estimates here.

Under the government's policy as announced, these 50,000 will be brought to Canada at public expense. The number includes wives, children, and other dependents of all officers, non-commissioned officers and men of the Canadian expeditionary force still serving overseas. In addition to this number, other dependents to the number of possibly several thousand, who have come to Canada since the signing of the armistice on Nov. 11, and who have paid their own ocean and railway fares, will have the money expended refunded by the government, the regulations being retroactive to that date.

There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unclean stomach, but this is only a manifestation of their cleansing power, no indication that they are harmful. They can be thoroughly depended upon to clear all worms from the system.

Loses Office Through Kindness

Saloniki, Nov. 28. — Bey, former prefect of Khapout, in a letter to the Sabah of Constantinople declares that he was removed from office by Talat Pasha because he protested against the manner in which the Greeks and Armenians of Asia Minor were being exterminated. Nazim Bey adds that one of the methods used to exterminate these peoples was to throw them into the Black sea and force them to drown. He says this was done by order of the Turkish government.

Minard's Liniment Cures Distemper.

Trouble in Portugal

Madrid.—Serious disturbances have occurred in Portugal, especially at Oporto, according to travellers who have arrived here from Portugal. The situation is reported to be considered most serious.

The Cough Pill.—To clear the stomach and bowels of impurities and irritants is necessary when their action is irregular. The pills that will do this work best are the famous Little's Vegetable Pills, which are mild and pleasant to take. They cleanse, purge painlessly and effectively, and work a permanent cure. They can be used without fear the most delicately constituted, as there are no painful effects preceding their gentle operation.

B. C. Honey Crop

The honey crop of British Columbia for the year 1918 very closely approximated 225 tons. This is an increase over the 1917 production of 65 tons, and constitutes the biggest yield in the history of the province.

Corporation of Town of Blairmore

Auditors' Report and Financial Statements for Year Ended 31st December, 1918

Balance Sheet, Revenue and Expenditure Accounts, Statement of Bonded Debt

5-6 Acadia Building, 612 Third Avenue South,
Lethbridge, Alberta, 30th January, 1919.

His Worship The Mayor, and Council,
The Corporation of the Town of Blairmore,
Blairmore, Alberta.

Gentlemen:

We have in accordance with Sections 51 and 53 (2) of the Town Act, examined and audited the Books and Vouchers of the Corporation of the Town of Blairmore, Blairmore, Alberta, for the year ended 31st December, 1918 and beg to submit the following statements:

Balance Sheet of Debenture Funds—General

Balance Sheet of Taxation and Public Utilities Revenue Funds—General

Revenue and Expenditure Account—General

Revenue and Expenditure Account—Waterworks

Revenue and Expenditure Account—Electric Light

Statement of Bonded Debt.

We have to report that the balance sheets attached, thereto, as signed by us and forming part of this report, are in our opinion, properly drawn up so as to exhibit a true and correct view of the state of the Town's affairs as at 31st December, 1918, according to the best of our information, the explanations given to us and as shown by the books of the Corporation.

Reported by

Three-Linkers Will Play Hockey

The following will comprise the team from Blairmore Lodge who are to try conclusions with Coleman Oddfellows at hockey on Monday evening next on the Coleman rink:

Goal—Allan Hamilton.
Point—William Evans.
Cover Point—Marshall Hamilton.
Right Wing—Bill Chappell.
Left Wing—Fred Grenier.
Centre—Harry Odendahl or T. Hood.
Rover—Alex. Morency.
Spurs—Jack Muckendrew, Ike Stevenson, Charlie Green and Joe Montabetti.

The game will start promptly at 7 p.m. Refreshments will be served to the players and their wives (or substitutes) at the Oddfellows' hall immediately after the game.

Doctors and ambulances will be on hand at the rink.

One day's rest in seven for every worker in Alberta, a 44-hour week with compulsory half holiday, a 6-hour day for coal miners and an 8-hour day for stationary engineers, the semi-monthly payment of wages and the increase of the minimum wage under the Factory Act to \$12 per week, were among the changes in legislation asked for by a delegation from the Alberta Federation of Labor which waited upon Premier Stewart recently.

Arrangements have just been made by the provincial department of Agriculture for the holding of short course schools for the benefit of farmers, farmers wives, sons and daughters, at the Clarendon school. The dates are from February 17th to 28th. See advertisement elsewhere in this issue.

Major-General Sir Sam Steele, Canada's famous "Rider of the Plains," died at Putney, London, on January the 30th, after a two month's illness, aged seventy years.

Just Caught in Passing

Mrs. C. P. Shaw returned this morning from a visit to Calgary.

Mrs. (Dr.) O. Lillie is visiting friends at Calgary for a few days.

Capt. Ritchie returned to the Frank Sanatorium last week end from Calgary.

R. Hodge, representing the Columbia Paper Co., of Vancouver, is in town today.

A special feature in the opera house to-night will be Mary McLaren in "The Model's Confession."

A sitting of the District Court will be held in the I.O.O.F. hall, Blairmore, on Wednesday, the 19th.

The Patriarchal Degree was conferred at a special meeting of Crow's Nest Encampment No. 8 last night.

We were absent from the masquerade held at Frank on Monday night by the Bohemians. All others were there.

A Ladies' Guild was formed this week in connection with Central United Church. Sewing classes will be held regularly.

Mr. Castrol, of High River, district superintendent, visited Hillview Chapter H.A.M., at a special meeting held at Hillcrest last night.

Cyr & Smith have sold their meat market business in Blairmore to the Blairmore Meat Market, who took charge on Monday of this week.

The probability of a local ice famine has been banished by the clear, frosty weather of the past week. Ice men are now busy filling local orders and are looking forward to sending his supplies to the prairies.

Argentine has spiders which spin webs on telephone wires heavy enough when wet with dew, to cause short circuits, which reminds us that we have people in Alberta who can spin yarns over a telephone long enough to disorganize the entire service.

The natural resources of the three western provinces will be transferred from the federal to provincial control at the forthcoming session of the federal parliament on the basis of a slightly reduced annual indemnity and without regard to the claims of eastern Canada for additional indemnification.

There is a possibility of Calgary becoming the western Canadian centre of a motion picture industry, which will operate within 200 miles of the city. The company has already been formed and is awaiting final settlement arrangements.

Portland, Seattle and Victoria tried to secure the company, but preference was given to Calgary.

Manufacture of submarines is now to be declared a crime.

A Robekan auxiliary to the I.O.O.F. will shortly be instituted in Blairmore.

"Tarzan of the Apes" at the opera house on Saturday and Monday next.

Mrs. F. Patton is down from Cranbrook to spend a few days with friends.

Brig.-General J. S. Stewart, C.M.G., D.S.O., arrived at Lethbridge on Friday morning last.

A Trabucatto was the lucky winner of the big grandfola given by Mr. S. Trono. The drawing took place at the opera house on Saturday night.

The Blairmore Pharmacy Co. have secured a lease of the ground floor of the old Blairmore hotel, into which they will move on March the 1st.

A Belgian miner, of about twenty years of age, was crushed to death by moving mine cars at the International Coal Co.'s mine at Coleman the early part of last week.

The local school house has been wired for electric lights and the lights are being installed this week end. It is hoped to have the night school in operation within the next two weeks.

Joe Cameron, sentenced at Edmonton last week to hang for the murder of Sam Zappier, has also been convicted of the murder of Constable Beavers, of the Edmonton police force.

It has been reported that the mounted police will be sent over to Ireland and Scotland to quell the rioters, over there and bring some of them back to this country, where they might become civilized.

The hockey match scheduled to take place at Coleman on Monday night last, had to be postponed till Monday night next, when a big game is promised by the hockey artists of Coleman and Blairmore I.O.O.F. lodges.

Anniversary services will be held at Central United Church on Sunday, April the 8th. Rev. Thomas Powell, superintendent of Methodist Missions, will be the speaker at both services. On the Monday night following, Mr. Powell will deliver one of his popular lectures. Special music is being arranged for these services.

Rev. D. J. Craig will officiate at the anniversary service at the Institutional church, Coleman, on Sunday next, and will conduct a series of special evangelistic meetings during the following week.

Mr. Craig is a specialist in evangelism, and is accompanied by Mr. Gilmore, of Toronto, a noted soloist.

COLEMAN TOWN BAND—
Music for Dancing. Any number of players supplied. Apply to G. Reddington, secretary.

A grand dance will be given in the opera house on the night of St. Valentine's, Friday, February the 14th. See bills for further particulars.

Sheet Music—All grades and large selection. 25c. per copy or 5 for \$1.00. Call or write for catalogue.—S. TRONO, Blairmore Jewelry & Music Store.

The thirteenth annual convention of the Alberta Social Service League, will be held at Calgary on February 17th to 19th inclusive, in First Baptist Church. Michael Rose and W. J. Bartlett will likely represent Blairmore.

"The Surrender of the German Fleet" will be the attraction at the opera house on Tuesday night next, and should draw a crowd. This short feature provides theatre goes with the first view of the actual procedure of surrender demanded by the Allied armistice and the Jewel film is one of the greatest now-pictorial scope in the history of motion pictures. The pictures show King George, Admiral Sims, U.S.N., Admiral Beatty and other Allied naval commanders, with the commanders of the German imperial fleet, all of the leading dreadnaughts, battle cruisers, torpedo boats and ruthless submarines.

NOTICE TO CREDITORS

In the matter of the Estate of CHARLES RICHMOND VOELKER, late of the Town of Blairmore, in the Province of Alberta, Bank Manager, deceased.

NOTICE IS HEREBY GIVEN, pursuant to the Trustee Act (R. S. O. 1914, Chapter 121) that all persons having claims against the estate of the said Charles Richmond Voelker, who died on or about the 10th day of April, 1918, are required on or before the 8th day of March, 1919, to send by post prepaid, or deliver to the undersigned their christian names and surnames, addresses and descriptions, the full particulars of their claims, statement of their accounts and the nature of the security, if any, held by them all duly certified, and that after such last mentioned date the Administratrix will distribute the said estate among the parties entitled thereto, having regard only to the claims of which she shall then have notice, and that she will not be liable to any person whose claim notice shall not have been received at the time of such distribution.

Dated the 28th day of January, 1919.

The "Life-Like" Phonograph

When we have placed a New Edison Diamond Amberola in your home, put your favorite record on the phonograph, and then stand with your back to the instrument as the melody flows out.

The illusion is perfect. You almost feel that someone is in the room singing or playing—so "life-like" is the reproduction.

The NEW EDISON DIAMOND AMBEROLA and AMBEROL RECORDS

are Mr. Edison's final achievement in instruments and records of this type. Enjoy them to your heart's content by taking advantage of

Our Free Trial Offer.

Come in and select any instrument you like—we'll send it to your home with 12 of the finest Amberol Records you ever heard. Keep this outfit a week—play it to your heart's content.

If you decide to keep it, we will arrange convenient terms if you like this method of payment.
